House League for Girls Grades 10-12

House League is a recreational league for girls grades 10-12 to enjoy the game of volleyball in a fun environment. House League will be run as a round robin tournament each week. Participants will be split into teams of 7 or 8 players and play games for the entirety of the session. Coaches will provide direction in gameplay only. This league is a great opportunity for girls who aren't playing club volleyball to continue playing a sport they love in a fun environment. Since there is no skill development, basic volleyball skills and previous game experience is an asset.
